

LAUDERDALE MANSIONS

In 2016, Triton were appointed by Heritage Surveys to carry out external façade repairs to Lauderdale Mansions. Lauderdale Mansions is a beautiful estate of red-brick Victorian mansion flats and communal gardens, moments from Maida Vale.

Before works commenced, we undertook a thorough clean of the building using a pressurised steam washing system. This allowed us to find the full extent of repairs which were required to the building. Roofing, balcony, masonry, joinery, and redecoration were the primary works on this project.

CONTRACT VALUE: £1,100,000
